NUMBER 19.

CONFIDENT LEADERS

FINAL ESTIMATES OF THE TWO GREAT PARTIES.

CLAIMS OF THE PARTY MANAGERS.

The Democrats Say They Are Sure of 244 Electoral Votes—The Republicans Are Equally Confident of the Result—The Fight in Kansas, Illinois and Other States—Political News.

New York, Nov. 5.—National Democratic Chairman Harrity and his associates estimate to-day that Cleveland and Stevenson will get 244 votes from the following states: Southern, 159; New York, 36; New Jersey, 10; Indiana, 15; Wisconsin, 12; Connecticut, 6; Michigan, 6. The only votes in this list regarded as at all doubtful are those of Connecticut. If they are lost Cleveland will have 238 votes, or 15 more than enough to elect.

The local Democratic leaders who have had time to make estimates on the result in this city and state agree that Harrison cannot come down to the Harlem river with more than 65,000 majority and that Cleveland's majority in this city cannot be less than 60,000. This leaves a Republican majority of only 5,000 to be overcome by the votes of Kings, Queens and Richmond counties.

The generally accepted estimate of the city vote among the Democratic leaders is: Harrison 108,000; Cleveland, 7,000; Cleveland, 185,000; Cleveland's plurality, 70,000. This is based on a total vote of 300,000, and there is every indication that that number will be polled.

The Republican national committee officials do not make tables of figures for the public, but they are said to closely represent Republican expectations. California 9, Colorado 4, Connecticut 6, Delaware 3, Idaho 3, Illinois 24, Indiana 15, Iowa 13, Kansas 10, Maine 6, Massachusetts 15, Michigan 10, Minnesota 9, Montana 3, Nebraska 8, New Hampshire 4, New York 36, North Dakota 3, Ohio 23, Oregon 4, Pennsylvania 22, Rhode Island 4, South Dakota 4, Vermont 4, Washington 4, West Virginia 6, Wisconsin 12, Wyoming 3. Total 277. Needed to elect, 223.

Chairman Hackett of the Republican state campaign committee announces that he expects Harrison to come down to the city with a plurality of 90,000. Four years ago it was 85,000. In the last campaign Harrison received in this city 106,922 votes and Cleveland 102,743. The Republicans believe that the Democratic vote here this year will not be so large in proportion as it was four years ago. They also say that Cleveland will receive in Kings, Queens and Richmond counties a plurality of not more than 18,000. Suffolk county they expect will go Republican this year. In this city they think Mr. Cleveland's plurality will not be larger than it was four years ago. Then it was 56,000, but to allow for a slight increase in the vote they are willing to concede Cleveland 62,000 in this city. That with the 18,000 plurality on the other side of the river makes a total of 80,000—10,000 less than Harrison.

EACH SIDE CLAIMS ILLINOIS.

Democratic and Republican Managers Allege Express Confidence of a Victory.

CHICAGO, Nov. 5.—The work at the Democratic headquarters here is practically wound up and the leaders are more than confident of success at the polls next Tuesday. The calmest expression they will allow themselves to make is that Illinois is Democratic beyond peradventure. They figure up majorities of from four to five figures. Whatever may be the outcome, the state has never been worked so thoroughly as during this campaign. The organization, it is claimed, was never so complete and business like.

The Republican headquarters are also nearly ready to close up. Chairman J. H. Clark and Secretary Jamison have but little to do now but to wait the results of their efforts. "I don't think there is a particle of doubt as to the outcome," said Secretary Jamison. "If the election were to-morrow, and it was good Republican weather—that is fair weather, for Republicanism grows under the light of the sun—we would come to Cook county 25,000 ahead of Mr. Altgeld."

William J. Campbell, member of the national committee for Illinois, chief of the sub-committee in charge of the Republican campaign work in the Western states, in discussing the situation said: "I think the press reports are excellent for the Republican ticket. I don't think there is any doubt that this state and Wisconsin will give their votes for President Harrison and that Governor Fifer will be elected and Senator Spooner chosen as chief executive of Wisconsin. My advice from New York are reassuring. The indications point to Republican victory there. There is also a good prospect that we will win in Connecticut and perhaps in West Virginia. There is even a chance that we may get the electoral vote of Delaware. During the last two or three days I have met leading Republicans of Indiana and they assure me that Harrison will carry that state by a

safe majority. Illinois will give an increased majority to Harrison. He carried the state four years ago by 22,000 majority. I expect that he will get 25,000 majority in the state next Tuesday and may run as high as 30,000. Governor Fifer will not run far behind President Harrison, according to my advice, except perhaps in the city of Chicago."

SITUATION IN KANSAS.

Sweeping Successes Figured Out by Managers of Both Parties.

TOPEKA, Kan., Nov. 5.—The chairman of each of the state central committees sent out last night their claims on the result in this state.

Chairman Breidenthal of the Populist committee and chairman Jones of the Democratic committee claim the election of the fusion state ticket by

30,000 majority and a good working majority in both branches of the legislature. Breidenthal predicts a full anti-Republican delegation and Jones claims seven congressmen certainly anti-Republican and one district in doubt.

Chairman Simpson of the Republican committee said: "I have not considered it good policy to submit any figures on the result in this state. We have as perfect an organization as any state in the union and have taken two careful polls. These polls show the election of the electoral and state tickets, eight congressmen and a majority in both branches of the legislature."

The confidence of the Republicans is shown in their eagerness to secure bets on the result and upon the advice of the state central committee they are willing to take all the even money offered.

A letter from Chairman Breidenthal to his committee chairman was made public to-day, in which he urged committee men to divide each precinct into suitable subdivisions and to use every effort to get their vote out early. The letter says:

"In every precinct where you succeed in polling twenty or more votes before the Republicans have polled any, send a man on horseback to the adjoining precinct to report that the first twenty, thirty, forty or fifty votes in the township were cast openly for the People's party. Have him bring a report from other precincts. If there is a weak precinct in your county, arrange to have a man come from several other precincts with a report of the vote in those precincts for the purpose of encouraging the friends of the weak precinct and assist in carrying it for our party."

FEDERAL OFFICERS WARNED.

An Alabama Sheriff Serves Notice That He Will Arrest Deputy Marshals.

MONTGOMERY, Ala., Nov. 5.—It becomes more and more apparent that there may be a serious clash between the state and federal authorities in Alabama next Tuesday. The following letter has also been sent by Sheriff W. W. Thompson of Macon county to United States Marshal Walker:

The Hon. W. S. Walker, United States Marshal:

Sir: Yours dated October 30 just to hand. In reply will say that I have appointed deputy sheriffs at each voting place in the county with positive written instructions to arrest all violators of the election laws and to keep peace and order, and I am quite sure they will do their duty. As to any threats being made, I have not heard of them. And if any attempts are made I have plenty of men to support the law. I understand that they have made their brags that they would take charge of the elections; that they would go inside the room and inside the ropes if they wanted to and were going to. Now, if they attempt anything of the kind I will certainly have them arrested if I can deputize men enough to do it. So far as I can I am determined that there shall be no disturbances or fuss on the day of the election and I don't apprehend any, only at Nottoway, and really not there, for I think it is all talk and a bluff. I don't know the man who said anything of my knowledge. Respectfully,

W. H. THOMPSON, Sheriff.

P. S.—I intend to do my full duty as sheriff as nearly as I know how and don't intend to be bulldozed or bluffed off by anyone. There may be men enough to kill me, but there are not enough to scare or bully me in this county or in any other, and you had better instruct your deputies of their duty if you have the right to send any there or rather appoint them. I don't object to your sending as many as you want so far as I am concerned, but they must not try to intimidate my deputies by their threats, etc. Respectfully,

W. H. THOMPSON, Sheriff.

Marshal Walker, in reply, says he will insist upon the enforcement of his original instructions to deputies.

FOUR YEARS AGO.

How the States Voted at the Last Presidential Election.

States	Harrison	Cleveland	Strom	Fiske

Mr. Cooke Will Not Come Off.

HERMISTON, Kan., Nov. 5.—A conference was held here Thursday for three hours between Sidney G. Cooke, Democratic candidate for congressman, and John Davis, Populist candidate for congressman. It had been reported over the district that Cooke would withdraw from the race at the last moment, leaving the contest between Burton and Davis, and the Democratic tickets were delayed in the expectation that such an event would occur.

At the close of the conference Cooke declared that there was no foundation in the rumor of his withdrawal and that he would be on the track until the close of the polls on election day.

New York Marshals Will Be Armed.

New York, Nov. 5.—United States Marshal Jacobus when asked to-day how many special marshals would be provided replied: "There will be at least one for each polling place in the city and that makes 1,135. Then we will have to employ some in looking up and arresting these men who have been illegally registered at many of the polling places. All the men needed to see that the United States are faithfully carried out to protect citizens will be carried out."

Jacobus says his new deputies are government employees, and while he does not know the political belief of all of them, yet he supposed them to be Republicans. He also intimated that the marshals, in addition to their badges and warrants of authority, would be armed, so that in case of conflict with officers acting under authority from the state or city they might be prepared to exert the authority of the national government.

It was rumored about the federal building that the United States grand jury which is considering J. L. Davenport's charges was about to indict three city officers, one a police justice, for abetting illegal registration.

INDIANA VERY CLOSE.

Neither Party Likely to Carry the State by Over Five Thousand.

INDIANAPOLIS, Ind., Nov. 5.—Within the past few days the political campaign in Indiana has reached a stage of excitement fully equal to that of four years ago. The total vote this year will approximate 565,000. The state has not since 1872 given any presidential candidate a plurality of as much as 7,000, and since 1872 it has alternated regularly between the Democrats and Republicans.

To-day the Democratic state committee claimed the state by at least 12,000. Current rumor credits them with plenty of money and they have the prestige of having carried the state by 19,500 at the election two years ago.

The Republicans claim a plurality for the electors of from 8,000 to 10,000, the election of the state ticket, a gain of members of congress in the First, Eighth, Tenth, Eleventh and Thirteenth districts, with a fighting show in the Fifth and Seventh, and also with a strong probability of the legislature on joint ballot. They are claiming a tremendous advantage through the accession of a large protected population in the gas field, while the Democrats claim that this will be offset in Lake and Porter counties by the establishment there of large industries from Chicago, the bulk of the employees of which are Democrats.

The greatest element of uncertainty lies in the Populist vote. Two years ago it was 17,000 and the People's party claim that this time it will amount to 40,000. Conservative estimates put the vote at 25,000. Democratic managers admit that they will lose most from the inroads of the People's party and the Populist managers themselves say that 60 per cent of their recruits will come from the Democratic ranks. On the other side the prohibitionists who cast 12,000 votes two years ago are claiming large accessions of strength and the cold water army will draw a large proportion of its membership from the Republicans. In any event the plurality of either party is not likely to exceed 5,000.

Governor Boyd's Advice.

OMAHA, Neb., Nov. 5.—Governor Boyd has sent several thousand copies of the following letter to Democrats of the state:

Dear Sir: It affords me pleasure to inform you that I have been personally authorized by the national committee of the Democratic party to urge the Democrats of Nebraska to support the electoral ticket issued by the independent party of the state, the object being to so increase the vote for the Weaver electors that those nominated in behalf of the Harrison side shall be defeated and Nebraska shall be taken out of its accustomed place in the Republican column. Vote for Weaver and Field.

Hope for your co-operation I remain yours in the good cause. J. E. BORN.

Democratic Ticket Withdraws.

SIoux CITY, Ia., Nov. 5.—The Democrats of South Dakota having failed to fuse with the Populists, have withdrawn their ticket from the field, and the Democratic state central committee has issued thousands of circulars urging the Democrats to vote for the Populist electors and prevent the elec-

toral vote of the state going to Harrison.

Marshals at Kansas City.

KANSAS CITY, Mo., Nov. 5.—United States Marshal Tracy has sworn in 120 special deputies for election day, and he expects to secure about eighty more before next Tuesday. There will not be less than two at each voting place and in some precincts as many as four.

Atchison Democrats for Close.

ATCHISON, Kan., Nov. 5.—The Atchison county Democratic committee to-day ordered Fred Close's name to be put on the ticket for congress. It is understood that five other counties have taken the same action.

CHEROKEE TITLES.

AN IMPORTANT SUIT PENDING AT KANSAS CITY, KAN.

SOME BIG INTERESTS AT STAKE.

The Case of the Cherokee Land Company Against J. V. Andrews Called in the District Court—The Facts Upon Which the Controversy Hinges—Can Indians Sublease Their Lands.

KANSAS CITY, Nov. 5.—The case of the Cherokee Strip Land company against J. V. Andrews was called for trial in the district court of Kansas City, Kan., this morning. The suit, although for a small sum, involves the right of the Cherokee nation to the 6,000,000 acres comprising the Cherokee strip. The suit was begun March 1, 1891, by Attorney John L. McFee on behalf of the land association while Judge Miller was on the bench, but after Judge Miller left the bench he resumed the practice of law and became associated with counsel for the defense.

The Cherokee Strip Land company is composed of about fifty cattlemen and was organized to lease the land in question and sub-lease it to the stockholders.

The suit against J. V. Andrews hinges upon the question of the title of the Indians to the land. The defense holds that the Cherokees had no absolute right to the land and therefore could not legally lease it. In answer to this the plaintiffs hold that the Indians at least had the use of the grass and could lease that portion.

When President Harrison issued the order to vacate the Cherokee strip he referred to the fact that the attorney general had decided that the Cherokees, no matter what right they might have to the land, had no right to lease or make any contract for grazing. He decided any such contracts to be illegal and void.

A GREAT STRIKE ON.

Fifty Thousand English Spinners Expected to be Idle in a Day or Two.

LONDON, Nov. 5.—All the efforts that have been made to bring about a settlement of the strike in the cotton industry have failed and the mills at Ashton-on-Tyne were closed to-day. The long threatened crisis is on and by Monday 50,000 operatives will be idle unless something unforeseen should happen.

In commenting upon the outlook the Pall Mall Gazette says it has no doubt that the heavy tariffs on cotton goods abroad is at the bottom of the difficulty. If Mr. Harrison is elected there is no chance of a better opening in the United States. Even if Mr. Cleveland is elected a reduced duty on British cotton goods is uncertain. With all the European markets practically closed against the British product the outlook is not rosy.

THUMB RIGGERS ACQUITTED.

The Jury in the Iams Case Returns a Verdict for the Officers.

PITTSBURG, Pa., Nov. 5.—When court opened this morning the jury in the Iams thumb rigging case had not agreed upon a verdict and it asked for instructions on a point which was submitted in writing. This caused Judge Porter to lecture them. The jury again retired and shortly afterward brought in a verdict of not guilty as to all the officers of the militia concerned in the case, but Colonels Streator and Hawkins were assessed half the costs of the case.

The Pope Reported Very Ill.

LONDON, Nov. 5.—A dispatch from Rome says that the pope is very ill. The clerical papers make every effort to conceal the fact of his illness. A few days since his holiness was found motionless in his room and his condition caused a panic in the Vatican. Physicians were hastily summoned and they succeeded in restoring him to consciousness. His holiness is very feeble and faints easily. He has been forbidden to do any work.

Lane's Medicine Moves the Bowels Each Day. In order to be healthy this is necessary.

THIRD AND LAMINE.

The New Orleans Strike Postponed.

NEW ORLEANS, La., Nov. 5.—At midnight last night the Amalgamated council of union workmen of this city ordered a general strike of union men at noon to-day, representatives of forty-six unions signing the order. This morning, however, the dry goods clerks held a meeting and resolved not to strike. This was the first break in the line, and just before noon the merchant's committee received a communication from the labor leaders asking for a renewal of the negotiations and the day was spent in conference. The police and militia are prepared for any trouble or emergency that may arise.

Business Men on Parade.

NEW YORK, Nov. 5.—The down town business men who intend to vote for Cleveland and Stevenson engaged to-day in the closing procession of the campaign and no efforts were spared to make it successful. Perfect weather insured a great turnout and 30,000 merchants, brokers, lawyers, bankers, students, teachers and other men of business gathered for the march.

Silver Ore Found in Kansas.

ATCHISON, Kan., Nov. 5.—T. J. Smith of Greenleaf, Kan., reports that silver ore has been found in the hills six miles south of Greenleaf. He says he saw the ore assayed in Kansas City recently, and he thinks the vein will pay to work.

Three Men Shot Over Cards.

BIRMINGHAM, Ala., Nov. 5.—At Blossburg, Ala., a small mining town near here, a game of cards between miners broke up in a row. Joe Murphy shot Lawrence Early, Richard and P. B. Johnson. All three will die. Murphy made his escape.

NEWS IN BRIEF.

Heavy shipments of iron ore continue to be the feature in that trade.

Col. Van H. Manning, an ex-member of congress from Mississippi is dead.

Eight thousand government employees will go home from Washington to vote.

A strange forest growth in the shape of an island has been sighted floating in the Atlantic ocean.

Bradstreet's Wall Street Review notes a waiting tendency on account of the presidential election.

The death of M. Edouard Valley Gressier, the distinguished statesman of France, is announced.

Eduardo Valle, head of the clearing house at Buenos Ayres, Argentine, has absconded with \$2,000,000.

A. J. McPeak, ex-treasurer of Furnas county, Nebraska, has been found short in his accounts \$10,010.02.

Rev. Charles Kolin, a Catholic priest of St. Louis, has renounced Catholicism and embraced Methodism.

James E. Franklin, postmaster at Clarksville, Tenn., during President Tyler's administration, is dead.

Army officers urge a better protection of the Texas border in view of raids by Garza bands of brigands.

The criminal cases against Charles Knox and wife of Minneapolis, Minn., charged with fraud in Mexico, promise to assume international proceedings.

Betting Natural.

"It is strange that men cannot discuss politics without always wanting to back up their opinions with a bet of some kind," remarked a citizen. "Two men will get into a discussion and it won't be two minutes until one will question some statement made by the other and offer to make a bet of some kind. And nine men out of every ten will bet simply because it appears to be a relief to him to do so. If every man in Sedalia were disfranchised at the coming election for having made a bet there would scarcely be a thousand voters."

McAllister Black Sulphur water, 112 Osage. Frank Kruezer.

To get at the top is a Capital Idea. It has been our aim in all business to achieve this and friends contend we have succeeded long ago. It's by such strokes of policy as this that we have done it: We have given you the best goods that the markets afford for less money than you can buy them in the largest cities. We are here to stay. We have no old goods to show you. Everything fresh and new and bought direct from the mills. If you have a house to furnish we want to get a chance to

bid on it. If we can't beat the other fellow we are not in it. But "we are in it" and never get left. Come and see our goods and

RAILWAY NOTES.

Chief Engineer Wilson, of the M. K. & T., was looking over the Sedalia and Hannibal sections of the road yesterday.

J. W. Simpson, Gulf, Colorado and Santa Fe stock solicitor, predicts a big exodus of cattle from Texas the coming season.

Heavy traffic on the M. K. & T. is looked for during the coming month.

A few nights since an M. K. & T. box car loaded with silverware destined for Texas was broke into by burglars in the yards at Parsons.

The new coaches just received by the M. K. & T. from Dayton, Ohio, read M. K. & T. of Texas, and are now being used by the company. They are first class in every particular and a great improvement over some of the old cars now in use.—Parsons Sun.

The Pennsylvania railroad company is considering a plan entirely novel—lighting its tracks at night, throughout the entire system, with electricity. The plan, if adopted, will dispense with the headlight of every locomotive, and by so doing will make traveling more safe, more comfortable and more convenient for the public and the railway employees. Plans are now being perfected and experiments are to be made at once.

—There is a farmer in Audrain county whose work is entirely mapped out with reference to the moon. Fence posts are planted when the moon point up so they are kept from sinking out of sight. The roofs of the buildings were put on when the moon "pointed down," so as to prevent the nails from pulling out of the shingles. Wheat is sown in the "dark of the moon" to hide the seeds from the birds and worms. He invariably butchers his hogs when the moon is full, otherwise he claims that the meat would shrivel up in the pan.

Whose Saddles?

Earl Morris found two Texas saddles in the C. P. Wade pasture, about 6 miles northwest of Mexico. One of these saddles was new, while the other had been used for some time. They were hidden under a brush heap. People who live in that part of the country cannot tell what these saddles were hidden there for. We think perhaps it would have been a good idea to have watched the saddles for developments. Perhaps the parties who left them there contemplated devilment and could have been apprehended.—Mexico Ledger.
